Terms

This list cancels all previous offers.

Disclaimer: We give no warranty, express or implied, as to the productiveness of any seeds or bulbs we sell and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of the seeds or bulbs.

Prices—are f.o.b. New York.

Weights—net, packing extra at cost.

Payment: Our prices are calculated on a strictly cash basis; customers remitting with their orders will be allowed 1½% discount on tree, shrub, vegetable and flower seeds. All others are quoted net. No charge accounts opened under \$10.

When remitting please add for postage and packing.

We do not sell quantities smaller than those indicated.

Explanation of Signs: C.S.—Clean Seed. D.B.—Dried Berries.

Figures in brackets indicate approximate number of seeds per ounce unless otherwise stated.

Nomenclature for Tree & Shrub Seeds is "Standardized Plant Names" second edition of the American Joint Committee on Horticultural Nomenclature \$10.50 postpaid.

Origin of all seeds offered is available on request. Our aim is to carry seed from the best known sources in many cases there are several such. No attempt is therefore made to include proveniens in this list.

YES! EXTRA PROFITS

Many growers of perennials can often add to their income through seed collection. If predictions of economists come true such additions may be very welcomed.

Toward this end we can be helpful as we have mechanical facilities to thrash and clean seed economically. All you have to do is to collect the raw material and condition it for shipment to us.

If, therefore, you have blocks of plants, grown from dependable true seeds, and are interested, write for full details. We will advise you how to proceed and amounts you may expect to realize from your efforts.

We also buy tree and shrub seeds.
